MUC TIEU NGHE NGHIEP

Recently graduated in Software Development (FPT Polytechnic) with a foundation in Java (Spring Boot 3.x), Vue 3 (Pinia/Tailwind) and SQL Server database design.
Short-term: apply hands-on project experience (RESTful API, JWT security, POS/QR Code).
Long-term: grow system architecture thinking, expand to TypeScript/Node.js as a fullstack engineer.

TECH STACK

Backend: Java 17, Spring Boot 3.x, Spring Security, JWT, Spring Data JPA, RESTful API
Frontend: Vue 3, Pinia, Tailwind CSS, Vuetify, JavaScript (ES6+), HTML5/CSS3
Database & Tools: MS SQL Server, Git/GitHub, Postman, Swagger UI, Vite, IntelliJ IDEA, VS Code

KINH NGHIEM LAM VIEC

IKU STUDIOS - Backend Developer Intern (2025)

IKUS Task Manager - Project & Task Management API

- Designed MS SQL Server schema with CHECK, Composite Unique Keys, ON DELETE CASCADE.
- Built RESTful APIs with Spring Boot 3.x + Spring Data JPA, Global Exception Handling.
- Spring Security & JWT RBAC (ROLE_USER, ROLE_MANAGER); docs via Swagger UI & Postman.

Graduation Project DATN-SU26 - ShopAo (2026)

ShopAo - Sportswear Management & Commerce System

- Fullstack: variant/order module + Vue 3/Vuetify admin dashboard (Pinia).
- POS with QR code: backend QR generation + camera scanning on the POS screen.
- One of 3 core developers: code review, cross-testing, conflict/bug handling.

HOC VAN

FPT Polytechnic College - Software Development (2025 - 2026)

GPA: 7.5 / 10 | 101 credits

FPT Polyschool - Information Technology (2022 - 2025)

GPA: 7.4 / 10 | 124 credits
